Visit Rockefeller Archive Center?

Dear Dick

As a historian you would, I think, be particularly gratified to see the Archive Center; and of course it is an important part of the institutional memory of the Foundation. (Some time may I share some home stories with you in re Stiefel.)

Not to mention that the Foundation participates in the governance and funding of the Center.

Would you like to visit it? Joe Ernst would be delighted to show you around and I am sure you (and Jing) would enjoy it.

Larry Stiefel can brief you on some of the background.

Yours,

Joshua Lederberg  
President

all the best for  
81!
